Forward Looking Statements and Other Disclosures

Safe Harbor Statement

Some of the Statements in this document concerning future Company performance will be forward-looking within the meanings of the securities laws. Actual results may materially differ from those discussed in these forward-looking statements. You should refer to the additional information contained in Chesapeake Utilities' 2020 Annual Report on Form 10-K for the year ended December 31, 2020 filed with the SEC and other SEC filings concerning factors that could cause those results to be different than contemplated in today's discussion.

Reg D Disclosure

Today's discussion includes certain non-GAAP financial measures as defined under SEC Regulation D. Although non-GAAP measures are not intended to replace GAAP measures for evaluation of Chesapeake's performance, Chesapeake believes that portions of the presentation, which include certain non-GAAP financial measures, provide a helpful comparison for an investor's evaluation purposes.

Gross Margin (Non-GAAP Measure)

Gross Margin is determined by deducting the cost of sales from operating revenue. Cost of sales includes the purchased fuel cost for natural gas, electric and propane distribution operations and the cost of labor spent on different revenue-producing activities and excludes depreciation, amortization and accretion. Other companies may calculate gross margin in a different manner.

COVID-19 Impact

At this time, we cannot fully quantify the future impact that the Coronavirus Disease 2019 ("COVID-19") will have on the economy, and more particularly, on Chesapeake Utilities Corporation. The earnings and capital estimates we have included herein do not reflect any future estimates of the potential impact. In our 2020 results, we have provided estimates of the short-term impact of COVID-19. The Company has established regulatory assets totaling \$1.9 million associated with the net incremental expense impacts, as currently authorized by the Delaware, Maryland and Florida PSCs. We are continuing to review the various expense impacts associated with COVID-19 and will adjust these estimates, as necessary, in the future.

Our financial performance is driven by the entrepreneurial spirit of our employees as we consistently deliver safe, secure and reliable energy service.

Hurricane Michael regulatory proceeding resulted in \$10.9M in gross margin

Expansion projects, customer growth, and pipeline replacements generated \$15.5M in additional gross margin

Acquisitions (Boulden, Elkton and Western Natural Gas) added \$5.3M in incremental gross margin

2020 diluted earnings per share from continuing operations was \$4.21, an increase of \$0.49 or 13.2 percent, our 14th consecutive year of earnings growth

Higher retail propane margins per gallon and higher rates for Aspire - \$3.2M

COVID-19 reduced net income \$1.0M or \$0.06 per share
Reduced C & I consumption, cost of personal protective equipment, bad debt reserves and premium pay - net of \$1.9M of regulatory assets and implementation of CARES Act

Increased demand for Marlin CNG services - \$1.8M

2020 Business Highlights

Many Significant Accomplishments Across the Company

- Invested \$196M in capital expenditures that will drive our future earnings growth, including completion of several key pipeline projects
- Responded to increased customer demand for natural gas in our services, recognizing 5.3% and 4.1% percent customer growth on Delmarva and Florida, respectively
- Completed three acquisitions and integrated them seamlessly into the CPK organization
- Delivered on increased demand for CNG services from Marlin Gas Services
- Announced three RNG projects that are in various stages of construction and development
- Executed a settlement agreement approved by the Florida regulatory for the recovery of Hurricane Michael capital investments and expenses
- Managed our expenses across the Company to offset pandemic costs
- Accelerated a business transformation process to address the organizational and technology enhancements that will support our continued growth
- Continued Top Workplace Recognition in Delaware and Florida in addition to earning the inaugural 2021 Top Workplaces USA award for mid-size companies

Chesapeake Utilities Looking Forward 2021 – 2025 Strategic Growth Initiatives

Key 2021-2025 Strategic Initiatives

Optimize the earnings potential in our existing businesses through growth and business transformation

Pursue interstate and intrastate transmission projects

Further expansion of our propane business

Expand Marlin Gas Services Virtual Pipeline Business (CNG, RNG, LNG)

Renewable Natural Gas (RNG) opportunities and other clean energy opportunities across the CPK Value Chain

Chesapeake Utilities “Special Sauce”

The key to our success is a strong culture that fully engages all of our team members across the organization as we transform this business for continued growth.

CPK's Renewable Natural Gas Proposition Presents Multiple Investment Opportunities

	Marlin Gas Transport	Transmission Pipeline Operations	Distribution Operations LDC Customers
Investment Opportunity	Additional transportation equipment	Interstate pipeline interconnects	Potential investment in gas processing equipment
Regulatory Actions	N/A Unregulated Gas Transport	Tariff changes made by ESNG. PPC filing to be done in the future.	No tariff changes initially Potential Rate Base Investment
Long-term Value	Multi-year contracts to transport gas	Multi-year contracts.	Multi-year contracts for processing and receipt of gas.

CPK RNG Initiatives:

Bioenergy DevCo - Poultry Waste (Delaware)
 CleanBay Renewables – Chicken Litter (Maryland)
 Fortistar - Waste Recycling (Ohio)

Seeking Other Development Opportunities, including in Florida and Georgia

Capital Investment Guidance

Continued Record Investment in Our Business Growth

Management provides its five year capital expenditure guidance 2021 thru 2025 up to \$1 billion.

*2021 Capital Budget range of \$175 million to \$200 million

We will continue to update this forecast as we move through the year, including new project developments, and any capital deployment delays resulting from COVID-19.

Keeping our assets and communities safe – See Something, Say Something education session

Investment Proposition

Committed to Superior Performance

We seek to identify and develop opportunities to drive our future earnings growth and increase shareholder value.

- Capitalizing on new organic growth and operational efficiencies
- Investing in pipeline systems that provide natural gas service to downstream customers
- Identifying propane opportunities to access new markets with significant growth potential
- Pursuing virtual pipeline opportunities given Marlin capabilities (CNG, LNG, RNG)
- Expanding our RNG footprint through multiple channels throughout our service areas
- Investing in our diverse talented team
- Engaging with communities where we work and live
- Driving brand excellence through safety awards, top workplace, employee engagement and community service

Strong Foundation for Growth:

- Track Record
- Energized Team
- Financial Discipline
- Platforms for Growth

Financial Objectives in Support of Increased Shareholder Value:

- Investing \$750 million to \$1 billion through 2025
- Targeting 2025 EPS \$6.05 to \$6.25
- Seeking 11.0% or higher consolidated return on equity
- Pursuing dividend growth supported by earnings growth
- Maintaining a strong balance sheet
