Forward Looking Statements and Other Statements

Safe Harbor Statement

Some of the Statements in this document concerning future Company performance will be forward-looking within the meanings of the securities laws. Actual results may materially differ from those discussed in these forward-looking statements. You should refer to the additional information contained in Chesapeake Utilities' Annual Report on Form 10-K for the year ended December 31, 2021 filed with the SEC and other subsequent SEC filings concerning factors that could cause those results to be different than contemplated in today's discussion.

Non-GAAP Financial Information

This presentation includes non-GAAP financial measures including adjusted gross margin. A "non-GAAP financial measure" is generally defined as a numerical measure of a company's historical or future performance that includes or excludes amounts, or that is subject to adjustments, so as to be different from the most directly comparable measure calculated or presented in accordance with GAAP. Our management believes certain non-GAAP financial measures, when considered together with GAAP financial measures, provide information that is useful to investors in understanding period-over-period operating results separate and apart from items that may, or could, have a disproportionately positive or negative impact on results in any particular period. A reconciliation of GAAP to non-GAAP financial measures is included in the appendix of this presentation.

The Company calculates Adjusted Gross Margin by deducting the purchased cost of natural gas, propane and electricity and the cost of labor spent on direct revenue-producing activities from operating revenues. The costs included in Adjusted Gross Margin exclude depreciation and amortization and certain costs presented in operations and maintenance expenses in accordance with regulatory requirements. Adjusted Gross Margin should not be considered an alternative to Gross Margin under US GAAP which is defined as the excess of sales over cost of goods sold. The Company believes that Adjusted Gross Margin, although a non-GAAP measure, is useful and meaningful to investors as a basis for making investment decisions. It provides investors with information that demonstrates the profitability achieved by the Company under the Company's allowed rates for regulated energy operations and under the Company's competitive pricing structures for unregulated energy operations. The Company's management uses Adjusted Gross Margin as one of the financial measures in assessing a business unit's performance. Other companies may calculate Adjusted Gross Margin in a different manner.

- **160+** – Years providing energy
- **~1,000** – Employees at Dec. 31, 2021
- **~300,000** – Distribution customers
- **\$2.1 billion** – Total Assets at Dec. 31, 2021
- **12.4%** – Increase in full-year 2021 diluted EPS from continuing operations over 2020
- **15th** – Consecutive year of earnings growth*
- **2x** – Doubled Net Income over last 6 year
- **1st** – RNG transportation project completed in 2021
- **61 Years** – of consecutive dividends in 2021

*Excludes TCJA impact in 2017

Business Overview

Strong Base of Regulated Utilities

Natural Gas Transmission

States Served

EASTERN SHORE
NATURAL GAS

DE, MD, PA

PENINSULA
PIPELINE

FL

Natural Gas Distribution

States Served

and others

2021 Operating Income

Unregulated
19%

Growth Platform Accomplishments

Organic Growth:

- 4.5% residential customer growth on Delmarva
- 4.7% residential customer growth in Florida
- New customers from CGS conversions
- Escambia Meter Station acquisition

Gas Transmission:

- Completed Somerset, MD pipeline expansion
- First pipeline expansion in Ohio (Guernsey)
- Announced Winter Haven, Beachside and Southern expansions

Propane Distribution:

- Expanded service territory into the Carolinas through the acquisition of Diversified Energy's propane assets

Marlin Gas Services:

- CNG filling station at Port of Savannah significantly underway
- Built complex tankers for hydrogen testing at Eight Flags CHP facility

Sustainable Investments:

- Completed 33-mile RNG pipeline
- Successful hydrogen testing at Eight Flags CHP
- Secured sustainability-linked financing
- Published inaugural ESG report

Expanding Our Service Territory With Sustainable Investments

 Both Regulated and Unregulated

 Unregulated

Noble Road Landfill RNG Pipeline

- 33-mile pipeline transporting RNG to Aspire Energy's gathering system

Diversified Energy Propane Acquisition

- \$37.5 million purchase price
- ~19,000 new customers
- ~10 million gallons distributed annually
- \$11.3 million annual adjusted gross margin
- Opportunity for AutoGas expansion

Port of Savannah CNG Filling Station

- To be completed in Q2 2022
- 14,000 vehicles pass by each day on I-95
- Built to distribute RNG

Hydrogen Testing at Eight Flags CHP

- Successful test of 4% hydrogen blend
- Hydrogen transported by Marlin Gas Services
- Goal to scale to 20%

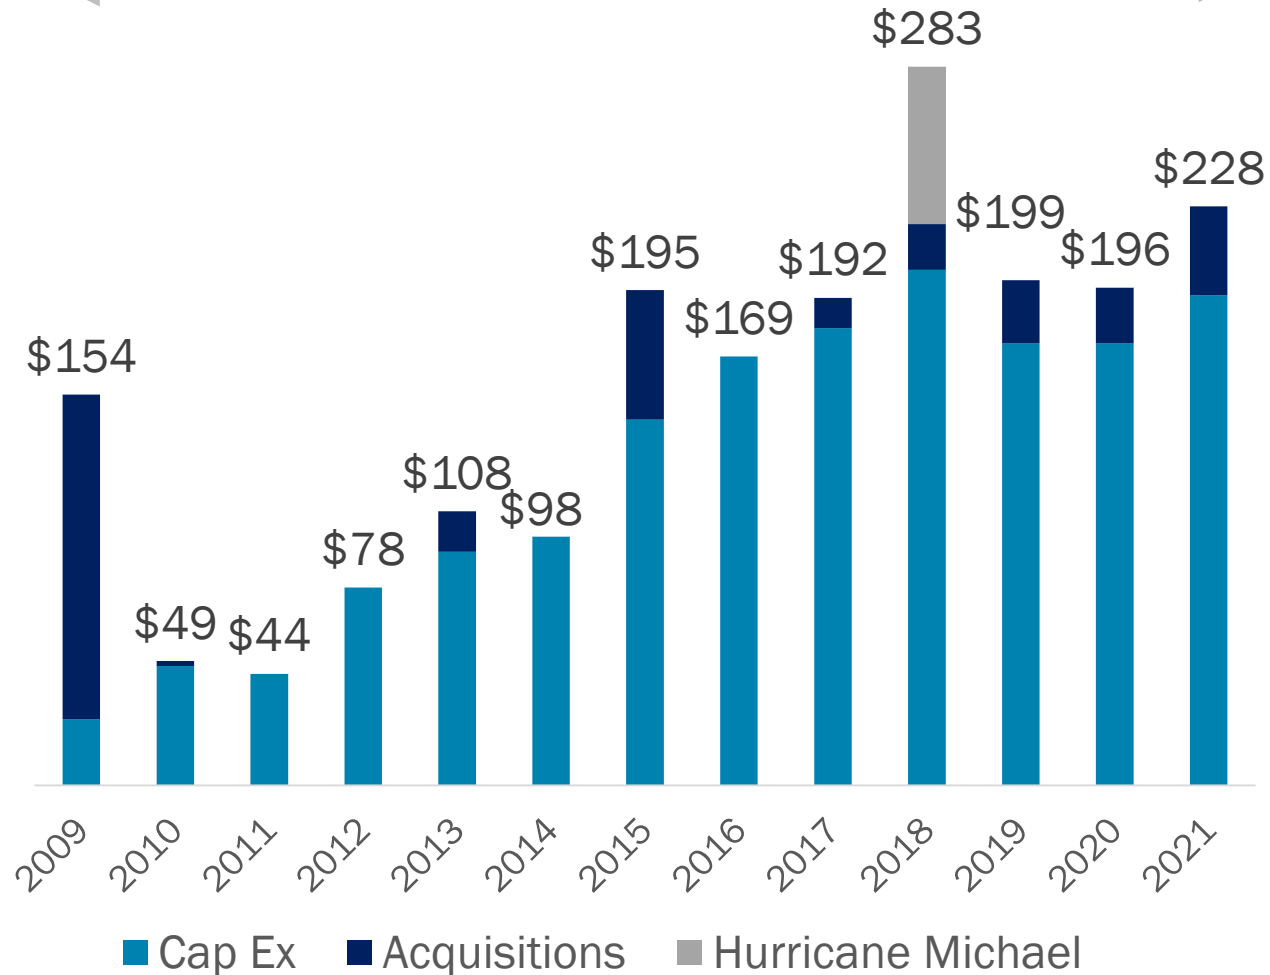

Capital Investment Has Driven Our Earnings Growth

Historical Capital Expenditures and Acquisitions

Last 10 Years: \$1.75 Billion

Since FPU Acquisition: \$1.99 Billion

Amounts in chart reflected in millions.

Historical Earnings and Dividend Growth

Earnings and Dividend Performance for Periods Ended December 31st

Long history of industry leading earnings and dividend growth

Solid Track Record of Return on Equity

Consistently Exceeding Peer Median and 75th Percentile

Return on Equity

17 years with 11%+ Return on Equity

*Peer ROE's as-of 9/30/2021.

Investment Proposition

Committed to Superior Performance

We seek to identify and develop opportunities to drive our future earnings growth and increase shareholder value.

- Capitalizing on new organic growth and continuing our Business Transformation initiatives
- Investing in pipeline systems that provide natural gas service to downstream customers
- Identifying propane opportunities to access new markets with significant growth potential
- Pursuing virtual pipeline opportunities utilizing Marlin’s capabilities (CNG, LNG, RNG, etc.)
- Expanding our RNG footprint by using our energy delivery solutions and expertise throughout our service areas
- Investing in our diverse talented team
- Engaging with communities where we work and live
- Driving brand excellence through safety awards, top workplace, employee engagement and community service

Financial Objectives in Support of Increased Shareholder Value:

- Investing \$750 million to \$1 billion through 2025
- Targeting 2025 EPS \$6.05 to \$6.25
- Seeking 11.0% or higher consolidated return on equity
- Pursuing dividend growth supported by earnings growth
- Maintaining a strong balance sheet
